<p align="center">.Net Software Developer</p>	<p align="center">Ref: VS_DEV10</p>

Experienced .Net developer required at Vulcan Solutions in Galway. This is an excellent opportunity to progress your career with a long-established, successful and growing software solutions company.

Job Description

In this role, you will work as an integral member of one of our project teams, to deliver high-quality software projects to our customers.

Responsibilities

- Design and develop applications based on MS CRM 2011, MS Sharepoint 2010 & .Net technologies.
- Deliver high-quality code in adherence with business specifications and internal development & naming standards.
- Strong focus on productivity and delivering projects within defined schedules.

Experience and Skills Required

Essential

- 2+ years experience in a software development role, with specific experience in C# or VB.Net.
- Database development using SQL & stored procedures.
- Degree in Computer Science, IT or equivalent qualification.
- Good communication skills.

Advantageous

- Web applications, ASP.Net, Javascript, HTML, CSS.
- MS Dynamics CRM, Customisations & Plug-ins.
- SharePoint design & development.
- Microsoft certifications e.g. MCTS / MCPD / MCAD / MCSD .Net.
- MS SQL Server skills.
- .Net Web Services.

Applications to be sent by e-mail only, to ***recruit2012@vulcan.ie***.

Please include a detailed Curriculum Vitae and covering letter, and quote the job ref number.

Vulcan Solutions, Vulcan House, Parkmore East Business Park, Galway.
